

## Research Roundtable on Policing and Community Safety 20 September 2024

Dear Colleague

We are organising a national research roundtable on policing and community safety. We are keen to have participation from organisations that represent marginalised groups so that their views can be incorporated into a research report that informs national policy.

If your organisation advocates for marginalised groups (such as people who are homeless, people with a disability, people seeking asylum, people experiencing marginalisation due to ethnicity/race/age/gender/sexuality, for example), please do contact us and we would be delighted to provide more information so you can consider participation.

**The roundtable will be held on September 20<sup>th</sup> 2024, 9.30am-1pm in Central Dublin**

Please contact the Principal Investigators if you are interested in participation– Professor Gautam Gulati ([gautam.gulati@ul.ie](mailto:gautam.gulati@ul.ie)) or Professor Colum Dunne ([colum.dunne@ul.ie](mailto:colum.dunne@ul.ie)) – we look forward to hearing from you.
